## Product Description

### All-on-4/6 Dental Implants

ADS China Dental Lab specializes in the fabrication of All-on-4/6 dental implants, a semi-full dental solution that requires advanced expertise. Our high-quality implants enable quick patient adaptation and provide a secure, natural-looking fit.

### Expertise at ADS China Dental Lab

Our lab is home to 10 dedicated technicians with over 10 years of experience in implant fabrication. Their knowledge and skills ensure the highest quality and client satisfaction.

### Key Features

**Reduced Implant Placement:** Utilizes only 4 or 6 implants, reducing healing times and overall costs.

**Natural Aesthetics:** Prevents bone loss and maintains jawbone support, ensuring a natural-looking smile.

**Pure Titanium Framework:** 100% biocompatible titanium with excellent corrosion resistance.

**Durability:** High-quality materials and advanced CAD/CAM technology ensure long-lasting implants that can endure 10-20 years.

### Indications

**Acrylic Pure Titanium Implants:** Cost-effective and flexible, but more prone to damage.

**Porcelain Pure Titanium Implants:** Durable and aesthetically pleasing, but expensive and challenging to repair.

**Zirconia Pure Titanium Implants:** Offers the best durability and appearance, though costly and difficult to repair.

### Considerations

**Precision Fit:** Oral scan data or impressions before and after procedures improve accuracy and facilitate smoother adjustments.

### Contact ADS China Dental Lab

For exceptional All-on-4/6 dental implants, look no further than ADS China Dental Lab. Our experienced technicians and advanced technology ensure optimal results. Contact us today for more details.
