Basic Information

Product Specification

- Resistance To Staining: High
- Resistance To Fracture: High
- Strength: High
- Translucency: High
- Size: Customizable
- Layered Structure: Multilayered
- Biocompatibility: Excellent
- Durability: Long-lasting
- Highlight: Dental multi layered zirconia crown,
Dental Lab multi layered zirconia crown,
Dental Lab zirconia multilayer crown

Product Description

Introduction

ADS Dental Lab is excited to introduce our Zirconia Stain, crafted to enhance the aesthetic appearance of zirconia restorations. This product ensures a natural and lifelike finish, perfect for dental professionals aiming for superior color matching and high-quality results.

Key Features

Natural Aesthetic Finish Achieve a seamless blend with existing teeth by mimicking the translucency and color variations of natural enamel.

High Customizability Customize shades and hues to match individual patient needs, ensuring a perfect color match for every case.

Durable and Long-Lasting Made from high-quality materials, our stain maintains color stability and durability over time.

Easy Application Designed for efficient workflow, our stain is easy to apply on all types of zirconia restorations.

Safe and Biocompatible Biocompatible and safe for use in the oral cavity, meeting the highest standards of safety and quality.

Applications

Crowns and Bridges Enhance the appearance of zirconia crowns and bridges, ensuring natural integration with surrounding teeth.

Inlays and Onlays Perfectly match the color for inlays and onlays, achieving seamless integration with tooth structure.

Veneers Create lifelike veneers that are indistinguishable from natural teeth.

Instructions for Use

Preparation Clean the zirconia restoration thoroughly before applying the stain.

Application Apply the stain evenly using a brush.

Firing Fire the stained restoration at the specified temperature and time to achieve the desired color and durability.

Benefits

Enhanced Aesthetics Natural and lifelike finish for improved appearance of zirconia restorations.

Efficient Workflow Easy application process for quick and efficient use in dental laboratories.

Long-Lasting Results Durable and color-stable, ensuring lasting aesthetic appeal.

Conclusion

ADS Dental Lab's Zirconia Stain is ideal for dental professionals seeking to enhance the aesthetic quality of zirconia restorations. With its natural finish, high customizability, and ease of use, it's an essential product for superior results. Contact ADS Dental Lab for more information or to place an order.
