- Durability: Long-lasting
- Maintenance: Regular Brushing And Flossing Required
- Strength: Can Withstand Normal Chewing Forces

Product Description

Introduction

ADS China Dental Lab proudly presents the Dental Resin-Bonded Maryland Bridge, a cutting-edge dental restoration solution. This bridge is perfect for patients seeking a conservative yet effective method for replacing missing teeth. Designed for the front teeth, the Maryland Bridge offers excellent aesthetics and functionality.

Key Features

Minimal Invasion Requires minimal removal of healthy tooth structure, making it a conservative option for tooth restoration.

Aesthetic Perfection Our bridges are crafted from top-quality materials that mimic the natural appearance of teeth, providing a beautiful and natural-looking smile.

Strength and Durability Using advanced bonding materials, our bridges are strong and reliable, suitable for everyday use.

Customized Fit Each Maryland Bridge is tailor-made to fit the unique anatomy of the patient's mouth, ensuring optimal comfort and function.

Ease of Maintenance Designed for easy cleaning and maintenance, promoting overall oral health.

Benefits

Conservation of Natural Teeth Minimal tooth preparation helps preserve the natural tooth structure.

Natural Appearance High-quality materials and precise manufacturing ensure a natural look that blends seamlessly with existing teeth.

Comfortable and Stable Custom fit ensures a secure and comfortable restoration.

Cost-Effective Alternative More affordable than many other tooth replacement methods, making it accessible for more patients.

Applications

Single Tooth Replacement Perfect for replacing a single missing front tooth.

Adjacent Teeth Replacement Can replace multiple missing teeth in a row if required.

Considerations

Ongoing Care Requires consistent oral hygiene and regular dental visits to ensure longevity.

Periodic Maintenance May need periodic rebonding to maintain stability and effectiveness.

Conclusion

The Dental Resin-Bonded Maryland Bridge from ADS China Dental Lab is the ideal solution for patients needing a minimally invasive, aesthetically pleasing tooth replacement. Our expertise and commitment to quality ensure that you receive the best restoration possible. Contact us today for more information or to place your order.
