- Size: Various Sizes Available
- Fit: Precise Fit For Comfort
- Aesthetics: Natural-looking

Product Description

Introduction

ADS China Dental Lab is proud to introduce our high-quality Dental Resin-Bonded Maryland Bridge. This innovative dental solution is designed to provide a minimally invasive, aesthetic, and reliable option for replacing missing teeth. Ideal for front teeth restoration, the Maryland Bridge offers a conservative approach that preserves the natural tooth structure.

Key Features

Minimally Invasive The Maryland Bridge requires minimal removal of healthy tooth structure, making it a conservative option for tooth replacement.

Aesthetic Appeal Crafted from high-quality materials, our Maryland Bridges blend seamlessly with natural teeth, offering a natural and beautiful smile.

Strong and Durable Utilizing advanced bonding technology, our bridges provide a secure and durable restoration that can withstand daily oral functions.

Custom Fit Each bridge is custom-made to fit the unique anatomy of the patient's mouth, ensuring optimal function and comfort.

Easy Maintenance Patients can maintain their oral hygiene with ease, as the bridge design allows for regular brushing and flossing.

Benefits

Preservation of Natural Teeth Minimal tooth preparation preserves the majority of the natural tooth structure.

Natural-Looking Results High-quality materials and precise craftsmanship ensure a seamless and natural appearance.

Comfortable Fit Custom-made to fit perfectly, providing comfort and stability.

Cost-Effective A more affordable option compared to other tooth replacement methods.

Applications

Single Tooth Replacement Ideal for replacing a single missing front tooth.

Multiple Tooth Replacement Can be used to replace multiple adjacent teeth if necessary.

Considerations

Maintenance Regular dental check-ups and proper oral hygiene are essential for the longevity of the Maryland Bridge.

Durability While durable, the resin-bonded bridge may require occasional adjustments or rebonding over time.

Conclusion

Choose ADS China Dental Lab for your Dental Resin-Bonded Maryland Bridge needs. Our expert craftsmanship and high-quality materials ensure a reliable and aesthetically pleasing solution for tooth replacement. Contact us today to learn more or to place an order.
